12/4/00 I00-11-002 Order Instituting Investigation into the adequacy of the Southern California Gas Company's and San Diego Gas & Electric Company's (SDG&E) gas transmission systems to serve the present and future gas requirements of the SDG&E's core and noncore customers

Summary: On November 29, 2000, Brian Cragg, Attorney for Cabrillo I, LLC and Cabrillo II, LLC ("Cabrillo"), had a telephone conversation with David Gamson, advisor to Cmmr. Neeper. Cragg noted that the position of the San Diego Air Pollution Control District against allowing oil burns during periods of gas curtailment left the Commission with some difficult choices, but that it was desirable for the Commission to develop a policy on gas curtailments that did not conflict with the need to maintain electric reliability and to support the transmission capacity required to permit electricity to be imported into the San Diego load pocket.
